Action point:

Write on a 3x5 card the phrase “Jesus wins.” Then put it on your refrigerator. Every day for the next two weeks read it out loud. “Jesus wins.” Each day when a problem arises in life, simply say to yourself, “Jesus wins so I don’t have to stress over life’s problems.” Each day for the two weeks also write down one way that knowing this will help you in your life. Knowing this one simple truth and infusing that thinking into your world can transform your negative thoughts into thoughts of hope and life.
