

Return To Eden

1. The new heavens and new earth will bring long desired joy as we walk with God and He tenderly wipes away every tear because we have overcome unbelief (Revelation 21:1-7).
2. The new heavens and new earth will bring long desired security as we worship the Lamb and bask in the light of His glory in an incredible satellite city (Revelation 21:9-27).
3. The new heavens and new earth will bring long desired healing as we eat from a tree down by the river and respond to the leadership of the Lamb (Revelation 22:1-5).

Action point:

Write on your bathroom mirror the phrase "It's all gonna burn, therefore..." and then think about what that means. Therefore we don't need to sweat the small stuff. Therefore we don't need to get bent out of shape when something gets broken. It will change our focus from this stuff to the new heavens and new earth. It is when we get there that all the pain of this life will be healed and work like it was supposed to all along. Let's live in light of that reality and it will change our focus now.
