

### How I Met Your Mother

1. When you love someone, you lay it all on the line (1 John 3:16).
2. When you love someone money is no object (1 John 3:17).
3. When you love someone you show it (1 John 3:18).

*Action point:*

*In the three columns below write the names of people you sacrifice for, you give to and to whom you show love. Now write in those columns the names of people who are in your life that you don't tend to do one of those three things for. It may be someone you have overlooked such as someone in your home, your family or a friend. Also ask, do these three lists include a widow, an orphan, or someone in need? Write down one thing you can do for someone you don't normally show love to. Write down one thing you do for someone you do normally show love to. And watch God use your love to impact His world.*
